KARACHI SCHOOLS & EDUCATIONAL SUPPLIES SHOW

Key Features of KSESS

Showcases from Schools: Highlighting best practices and unique attributes. A great opportunity for parents and students to gain insights directly from educational institutions.

Educational Suppliers: Featuring a range of products and services, from advanced EdTech solutions to essential supplies such as books, stationery, uniforms, and school furniture. You will find representatives from college counseling firms, remedial centres, and opportunities to meet with well-being counsellors, foreign language teachers, physical education instructors, and special needs experts.

Conferences and Workshops: Hosts a variety of sessions covering topics such as choosing the right school, understanding different curriculums, inclusive education practices, artificial intelligence in education, the comparison between traditional and 21st-century classroom approaches, as well as other relevant themes led by prominent educators.

Testimonials

Mark Anthony Wile

Executive Vice President, FACTS International

As a previous attendee, sponsor and presenter at Educators' Community (EC) we are pleased with the vision and scope of the EC's mission. The planners are highly organized; content-focused; and deliberate to ignite transformative conversations around Education. Given our shared values, I expect our organization to remain connected to EC into the future.

Farah Masood

Principal, Learning Alliance International (An IB World School)
Chairperson, IBPAK (Association of IB schools in Pakistan)

I recently had the privilege of attending a seminar organized by the Educators' Community, alongside some other esteemed Heads of schools, CEOs, College Counselors, and students from both, private and public sector. The exchange of ideas was both enriching and enlightening, offering thought-provoking and impactful insights. It was an honor to be one of the speakers at this distinguished event. The experience was profoundly inspiring and beneficial for all participants. Indeed, Educators' Community is doing a remarkable job to bring a positive change in the education sector of Pakistan and I wish them the very best!

Dr. Shahbaz Khan

Head of MPhil in Educational Leadership,
Assistant Professor BNU

I felt honored to lead the panel discussion on University Education at the round table talk organised by The Educators Community. We had an honest and rich conversation which unveiled various deficiencies in our university education system. Several fruitful suggestions were given by the panelists which will benefit anyone who watches the recording or reads the eventual paper that comes out of these panel discussions. Thank you The Educators Community for organising these insightful gatherings. Looking forward to more of these in future.

Riffat Sharif

School Leader, School Improvement & Quality
Assurance Partner, Trainer, Curriculum Developer

I just wanted to express my gratitude and thanks for hosting such an amazing conference. I was overwhelmed with everything – the speakers, topics, and management. I hope Educators Community can create an impact in society with these types of conferences.

Founder’s Vision

After extensive travels and networking with educators worldwide for the past 15 years, I felt a compelling need to connect with fellow educators and strengthen these bonds. It was during these experiences that the idea of forming the Educators' Community took root. The vision behind this initiative is to establish a platform where educators can come together to cultivate relationships, share research, and support one another. I firmly believe that by leveraging our collective knowledge and expertise, we can make significant contributions to both the private and public sectors. Thus, the Educators' Community was born out of the recognition that together, we possess a wealth of insights and experiences that can propel us forward in our journey as educators. This is the background story behind the inception of the Educators' Community. With KSESS, we aim to unite leaders, families, educational suppliers, and schools within the community on one platform.
