KARACHI SCHOOLS & EDUCATIONAL SUPPLIES SHOW

ALL ABOUT EDUCATION & Educators' Community

All About Education (AAE) is a dynamic platform connecting educators, parents, students, and leaders. As the parent brand for initiatives like Educators' Community - Global and events such as KSESS 2024, AAE drives innovation, collaboration, and knowledge sharing to enrich the educational experience. We offer podcasts, community gatherings, and a comprehensive school database to support educators, guide parents, and inspire students.

Educators' Community - Global, part of AAE, brings together over many years of global expertise, fostering collaboration among education professionals to improve education quality and impact both public and private sectors worldwide.

Founder’s Vision - KSESS

Rukaiya Salman
Dean, Heuser College
Founder, KSESS & Educators’ Community

After extensive travels and networking with educators worldwide for the past 15 years, I felt a compelling need to connect with fellow educators and strengthen these bonds. It was during these experiences that the idea of forming the Educators' Community took root. The vision behind this initiative is to establish a platform where educators can come together to cultivate relationships, share research, and support one another. I firmly believe that by leveraging our collective knowledge and expertise, we can make significant contributions to both the private and public sectors. Thus, the Educators' Community was born out of the recognition that together, we possess a wealth of insights and experiences that can propel us forward in our journey as educators. This is the background story behind the inception of the Educators' Community. With KSESS, we aim to unite leaders, families, educational suppliers, and schools within the community on one platform.

GLOWSIMS®

GLOWSIMS is a leading SaaS company revolutionizing education in Pakistan. Our mission is to provide comprehensive IT solutions that not only elevate educational standards but also offer Institutes a seamless, one-window management experience.

With a proven track record of serving over 1200 schools and colleges through 30+ franchises, we've become the trusted partner for institutions seeking a truly personalized approach. Unlike others who offer one-size-fits-all solutions, we tailor our offerings to meet the unique needs of each client, ensuring that our tools truly address the challenges faced by educational institutions.

Our expertise is reflected in the 12 cloud-based departmental tools and over 27 specialized tools we've developed, all informed by our extensive experience and the specific demands of our clients. At GLOWSIMS, we don't just offer solutions—we offer solutions that work because we understand the needs of the education sector inside and out.

Kifayat Publishers

Established in 1963, Kifayat Publishers stands as one of Pakistan's most prominent publishing institutions. Our enduring dedication revolves around providing top-tier educational textbooks at reasonable prices, earning accolades from leading educational institutions nationwide. Our diverse portfolio spans from the foundational years of a child's education to the pivotal secondary phase, ensuring a holistic developmental approach. We want to change the way students see their books, with the aim of 'less is more but less should not become bore,' we focus on the core concepts from the National Curriculum and cover topics in an informative, yet gripping manner. Kifayat has developed books on subjects that students usually find the most challenging and it is our aim to create books that make learning interesting, rather than a rote memorization exercise.

DOT & LINE

Dot and Line is an Ed-tech company operating in 14+ countries, connecting learners with educators. It boasts a network of over 250 teachers, providing personalized education. Dot and Line aims to enhance learning experiences by bridging the gap between students and skilled instructors globally.
